

Workshop on ICT for Schools At GGIS

On 19th October 2016, Wednesday a workshop was organised at Gyan Ganga International School in collaboration with Centre for Development of Advanced Computing on “ICT for Schools” which covered the presentation cum demo on Online Labs, e Basta- School Books to E-Books and Assessment & Monitoring Framework. The workshop was conducted by Educational Technology Unit of C-DAC Mumbai. The resource persons for the same were Mr. Mukund Kakde and Mr. Vaibhav Singh respectively.

In the starting of the workshop both the resources persons were welcomed and honoured by the school Principal Dr. Rajesh Kumar Chandel . More than 60 teachers, coordinators of various CBSE schools participated in this incredible workshop.

The resource persons highlighted the importance of technology and why it is important in today’s competitive world. They also emphasised on the importance of introducing technology in today’s schooling system and making the teaching and learning process a smart one. All the main stream subjects were taken into consideration and no: of techniques were showcased how to make the subject matter interesting by using technology not only for students but also for teachers.

The second important phase on which the resource persons highlighted were the e- Basta converting School books to E- books and Assessment & Monitoring Framework for CBSE and State Board Schools. The resource persons cleared all the doubts and queries of the participants and made the sessions interesting by performing practical and by demonstrating the key points in details.

In the end the coordinator of the workshop Mr. Abhishek Sharma expressed the heartfelt thanks and gratitude to both the resource persons in the form of vote of thanks on behalf of GGIS family and the participants.
