

PPT PRESENTATION ON AGRICULTURAL METHODS

On August 18, 2017 following the activities based on curriculum, a power point presentation was conducted by the team of faculties. The ppt was based on the topic the comparative study of Agricultural methods of India with European countries like Germany. The PPT was prepared by the team of teachers after a rigorous study and research.

As the students were aware of agricultural methods of India, but because of this presentation they came to know about the European countries. The students were made aware of various types of crops, various types of methods used in agriculture, types of tools as well as in India and in Germany also.

The session was made more interesting and lively one by the presentation of videos and documentary films that highlighted the tools and techniques for agriculture. The activity was conducted under the guidance of the school principal Dr.Rajesh Kumar Chandel.
