BELIEFS

Children exemplify hopes, dreams, The future and Just like the skilled hands of potter School molds the child, resulting in a person groomed to comprehend his or her true potential as an individual. Imparting knowledge beyond the predetermined curriculum, inculcating respect and understanding for traditional values, yet firing the imagination, to help and nurture commendable citizens of the country.

VISION

To prepare overall developed students in individual and responsible true citizen as a whole with virtues like self-discipline, enthusiasm and Endeavour.

MISSION

A humble effort to redefine the cause of excellence in education, empower the students academically excellent and holistic with scientific temperament.

OUR PHILOSOPHY

Education is a journey from childhood to adulthood. We at Gyan Ganga International School (GGIS) wish to make this journey an exciting and fulfilling one. GGIS seeks to develop students into confident, disciplined and critical thinkers. These qualities ensure that they grow into responsible and caring adults of a global society. This can be achieved better through experiential learning and specifically created opportunities. Gyan Ganga International school top the Madhya Pradesh boarding schools list as it aims to educate through a holistic approach that will enable our students to explore and utilize their potential to the fullest. We achieve this through a curriculum that goes beyond academics and incorporates within itself various experiences like studying the environment, adventure, leadership training and service to society, hence making their journey to self-realization a fulfilling one.

Education of the highest quality is possible in an environment where students feel valued and respected. At GGIS the democratic ethos pervades every aspect of interaction with students, parents and mentors. It is in such an environment that our students develop an understanding of not just their strengths but also their weaknesses. This in turn leads to healthy self-respect and increased confidence in their problem-solving abilities.

“We respect the principle of each individual is unique and celebrate the integrity and dignity of each student”.

Discipline at GGIS is based upon:

- Respect for self
- Consideration for others
- Concern for the environment

At GGIS academic achievement is valued and supported. Our program seeks to balance physical, emotional, social and spiritual growth with academics. We develop in our students the qualities of optimism, confidence, and enthusiasm, concern for justice, and idealism, all of which will metamorphose into growth, maturity, and global perspective that citizens of the 21st century should possess. All this helps us build a strong place in the list of best schools in Madhya Pradesh.

OUR ROOTS

Gyan Ganga Intentional School Jabalpur is amongst the top residential schools in India it is a prodigy of Shri Wardhaman Vidya Vihar Educational Academy, a Chain of Schools and Professional Colleges in Central India. Since its inception in 2000, Gyan Ganga has been a trendsetter in the field of education. Now it has spread its wings and is a pioneer in implementing eminence education from Kindergarten to Post Graduate level. It has envisaged advanced educational techniques in the conventional system of education and has grown into the School with a global presence. The Institution is one of the best residential schools in India and has a self-sustainable gradual growth and developed without any donation or grant and Further, in the year 2003, it has fulfilled the ever desire urge of professional collegiate Education by establishing the Gyan Ganga Institute of Technology and Sciences. Everflowing perennial stream of Gyan Ganga blessed revered expansion in Gyan Ganga College of Education for teacher&training in the year 2005. Gyan Ganga is always indebted for the faith and reliance shown by the parents to the Institution. Keeping in view the earnest demand of Gyan Ganga Institute of Technology another Engineering college had been established in the year 2006 and henceforth the Professional stream of Business Administration MBA and MCA had also been established in the same year. Students of Bhopal and Raipur are also enjoying the same state of advanced education in Gyan Ganga International Academy Bhopal and Gyan Ganga Educational Academy Raipur, residential-cum-day boarding Schools in the capital of Madhya Pradesh and Chhattisgarh. Schools are affiliated to the Central Board of Secondary Education New Delhi and Professional Colleges are approved by the “All India Council of Technical Education New Delhi.”

SCHOOL AIMS

GGIS provides a secured and congenial atmosphere for the entire members of the school community where their skill and creativity are enhanced and utilized to the optimum level. Nurturing in a high degree of discipline GGIS inspires the students to be independent, imaginative, and resourceful providing them the exposure to lead a dignified life where social, economic, and moral values are practiced. This fosters in them the sense of self-worth, tolerance, and adaptability to cope up with the situational demands.

Gyan Ganga International School honestly believes that life skills and knowledge on myriad subjects fortifies the glitter and shine of one's personality and hereby feels desirable to have these as adjunct academic activities so that they can move the head in their lives with a more positive and confident approach for achieving meritorious goals and producing meticulous results.

This includes a focus on a sophisticated lifestyle with providing a vision to prepare our students physically and cerebrally to compete in the highly competitive environment. By exploring and catering to the needs of the students, GGIS quenches the thirst of those who have the urge to learn and our staff identifies this as a paramount need.

This includes a focus on a sophisticated lifestyle with providing a vision to prepare our students physically and cerebrally to compete in the highly competitive environment. By exploring and catering to the needs of the students, GGIS quenches the thirst of those who have the urge to learn and our staff identifies this as a paramount need.

Further, the best boarding school in Madhya Pradesh intends to create a secure and welcoming environment that fosters progress, achievements, aspiration, valuing rigorous academic standards, care, and consideration. Promoting positive vibes through self-image and hard work is a key to raise both academic and social standards. We regard praise as the key to achieving high personal standards.

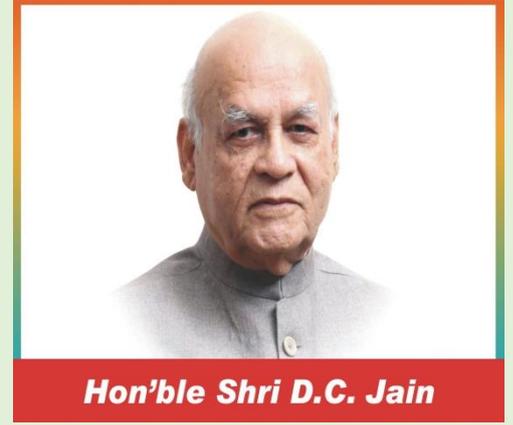

INTERNATIONAL YOUTH EXCHANGE ORGANIZATION

Gyan Ganga international school is an institute that leaves no stone unturned for the betterment of students in terms of knowledge and skill development and for the same, our institute collaborated with AFS which is originally an International youth exchange organization, such program provides an opportunity to the students to explore, to travel to a new country, and live with the global family. Such a program helps the students to think out of the box and make him/her capable to react with the presence of the students how to live outside their comfort zone and yet accustomed to various aspects of life. It is this platform that motivates the students to be independent as well as responsible. Two of our students Ms. Samiksha Patel and Master Harsh Nakra became an integral part of this program and visited Japan. We are looking forward to more students to enroll such an amazing program.

Gyan Ganga international school burley believes in the holistic development of students and this institute has collaborated with the British council. The main aim of this collaboration is to provide opportunities for the students to explore a new world. the projects which are taken in the IDS are multidimensional and helps the students to enhance their knowledge and skills it also helps them in raising their confidence level which is needed to integrate global learning. Being a part of IDS projects not only provides the students a golden opportunity to unveil their hidden potential but also changes their outwork towards life. Students become aware of different countries their culture, cuisine, and many more things happening around them as well as across the globe. IDS is a platform that has opened a new gateway for the school to mingle together for a common goal.

CHAIRMAN'S MESSAGE

Gyan Ganga International School is a prodigy of Shree WardhamanVidyaVihar Educational Academy a chain of School and Professional Colleges in central India where the ever-flowing perennial stream of Ganga of Gyan blessed the revered expansion of knowledge in terms of Hi-Tech advanced educational system this is the place where knowledge reign supreme and where we believe the children exemplify hopes, dream the future beyond the predetermined curriculum inculcating the respect and understanding for traditional value.

The transition from a closed to vibrant open and a more globally dominant environment will certainly be appreciated and should be acceptable at any cost. In this connection, when the commercialization of education is at its peak Gyan Ganga has much great tolerance. The best boarding school in India is a Non-aided, Non-profit oriented school where one can visualize the real in terms of infrastructure, Academic and non-Academic Activities. It is not only a mere saying that we are "In the cause of Excellence in Education and Community Service", but it can be easily seen factually in deeds too.

Our approach is truly not only to prepare top professional but to craft a complete human being with a dynamic sense of belonging and responsibility in the realization of humanity, this realization is the ultimate goal of our journey, here on the earth and it is for children we must provide this for they are our ultimate one and only one investment. In this sequence, I must add it is very much necessary to invigorate the inner soul, of a child for the righteous cause, so that he can be able to adjudge the righteous path. Undergraduate teachings in an International school are full of endurance and achievements of a different kind.

G.K. Chesterton said very right that "Education is simply the soul of a society as it passes from one generation to the next". That may be a prominent reason for shaping and molding the students into the caste of upright citizens. Hence forcefully, we use to claim we are shaping Global citizens. In this cognizant process by the grace of Almighty and determined commitment of the Gyan Ganga family, we have expanded from KG to PG.

Still, we have to do more but it will only be possible with the benevolent cooperation and recognition of our Parents.

DIRECTOR'S MESSAGE

We believe each child is unique and school has been established to be a training ground for life. We believe in the genius lurking within every child, wanting to be discovered and transformed into not just a scientist, musician, or sports person but a complete individual who experiences the joys of life along the road. We believe in providing a wide range of extracurricular and sports activities to ensure our students get a well-rounded school experience.

We also believe in providing spiritual education through ancient Indian scriptures Vedic and Value Education as part of an all-round curriculum and help students to discover who they are. Gyan Ganga International School, one of the best English medium Schools in India relies on the multiple intelligence theory to impart knowledge and skills in an effective way that makes every student academically capable.

GGIS aims to empower students to shape the future. To help them realize their full potential in their studies and their career. The skills the students will develop during their time with us will stand them in good stead for the rest of their career and turn them into '**Global Leaders with Distinctive Indian Personality**'.

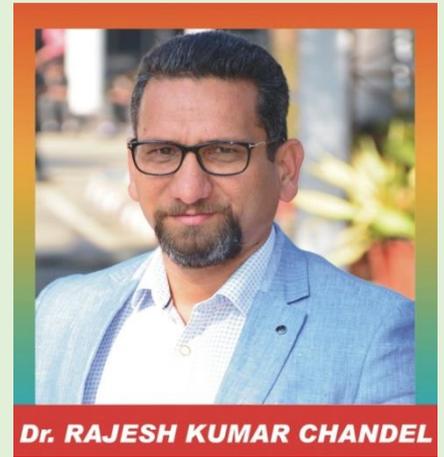

Whatever is your background or ambition, as you weigh up your child's options and how it will affect his/her life and career, we hope GGIS will play the role of 'Destiny Makers' for your child's glorious future.

Executive Director

PRINCIPAL'S MESSAGE

Welcome back to the 2020-2021 school year. I hope everyone had a relaxing and restful time with family, friends, and loved ones, despite our country's encounter with the COVID-19 pandemic. It has been 10 months since we were last in school, so I am sure you were all anxiously awaiting the start of a new school year. As a proud principal of GGIS, it is my great pleasure to serve you in "New Normal" in this fine school.

My special thanks to brave-hearted students' parents who trusted us and reported back to boarding houses. We are taking care of the students by providing the best facilities on the school campus be it teaching-learning or hygiene on campus as well as delicious food in mess. In the pandemic students could develop cognitively to some extent by they were lacking in affective and psychomotor domains; this development is possible when students are on the school campus.

I would like to reiterate that at GGIS, we are committed to the safety of our students and staff. We are taking care of all the precautions to keep our students happy and healthy. We encourage parents and students to continue following the COVID guideline provided by GOI, such as washing hands with soap for at least 20 seconds; using mask & sanitizer; avoiding others who are sick and staying home - if ill.

GGIS will continue to evaluate its school facilities, teacher-student ratios, and health guidelines to ensure the continuity of learning on a healthy and safe campus. It is a monumental task that lacks precedent and challenges our ability to continually adjust and recalibrate to a "New Normal" while grappling with budgetary shortfalls and economic recovery efforts.

Thank you for your tremendous support and understanding as we venture forward to reinvent our school designs to optimize learning for our students and refocus our professional development to expand learning support to our teachers and staff.

With warmest regards

PEDAGOGICAL SOLUTION

A pedagogy plan is a yearly plan for teachers and schools for a complete year. The main aim of the pedagogical plan is to make the teaching and learning process more constructive, collaborative, integrative, reflective and inquiry-based. The school has a protocol that is followed, we have a “vision” and a “motto” too, but the pedagogical solution makes it easy to achieve by giving a path. Most of the part of pedagogy remains the same for a long time. But due to pedagogy, we find the revised depth to look at the curriculum, where we could focus to make the learner achieving the learning goal by doing. It gives a broader spectrum to the teacher, who is more a mentor, to use real-world examples to explain the situation. It gives a collaborative view to all the subjects by integrating activities in different subjects. It promotes aesthetic sensibility and experiential learning and at the same time, teachers are very much prepared with different resources. The plan makes it easy to make a student have holistically developed.

Our pedagogical plan tries to cover all the attributes:

Care of diversity:

The school always promote diversity not only by encouraging students of different background to attend the school, but also make education impactful. Every student has a different ability and has a different way of learning, in-class we do promote resources of learning, also take proper care that each student should get the objective of the chapter and could apply it practically wherever required. The best way to promote each student equally is to identify the diversity in class and broaden the way of teaching accordingly. The care of diversity is included in the lesson plan.
